Don't destroy landmark sight

I have been sailing up the Rappahannock River from Deltaville to attend the Oyster Festival for 45 years and the most wonderful landmark and sight on the trip up and down is the Rappahannock River bridge. And now you are permitting the power company to destroy that marvelous sight.

For me, a person who has lived in every section of the country, the only comparable sight is sailing up to and under the San Francisco-Oakland Bay Bridge. What a catastrophe it would be to destroy that bridge with a similar power line addition.

I hope it is not too late to reconsider the decision to approve this project.
