

**“Hey, Dominion,  
you forgot the  
towers, so we put  
them in for you.”**

[180' tower and 200' x 9' channel fender  
drawn to scale]

**Because electricity  
should be as reliable  
as the tides.**

Upgrading the **North Bridge** transmission line will help meet the **North Neck's** demand for

electricity into the future. The 50-year-old **North Bridge** people in **Lancaster and Northampton** surrounding area in the **North Neck** ensure the uninterrupted delivery of the line. And, as part of our mission, we will continue to

provide safe and reliable power to more than 20,000 customers—as well as to the islands. At Dominion, we want to do it this region by rebuilding it to keep costs low and reliability high. Providing safe and reliable, cost-effective power to our customers.
